Aspiring software developer passionate about building scalable, efficient, and user-focused solutions. Known for a strong foundation in core programming skills and a drive to stay updated with evolving technologies. Quick to learn and adapt, with hands-on experience in collaborative team environments. I aim to leverage my skills to contribute meaningfully to an organization. Seeking a challenging opportunity to grow alongside a team committed to innovation and excellence. Seeking an opportunity to make a meaningful impact and contribute to both personal and organizational growth.

EDUCATION

- M. Tech | CSE | Global Academy of Technology | 2025 | 9.61
- B. Tech | CSE | Presidency University | 2023 | 7.50
- XII | Sri Siddaganga PU College | 2019 | 78.17%
- X | J. S. S Public School | 2017 | 9.4

WORK EXPERIECE

- **Frontend Developer Intern** at **Sapio Labs**   Nov / 2024 – present
  - Worked on implementing **categories** and a **dynamic menu listing** for the web app. Leveraging **Next.js** for server-side rendering and seamless navigation. The focus is on optimizing performance and enhancing user interaction and crafted intuitive **login and registration forms** for streamlined access.

SKILLS

- **Programming Languages:** Java, Python
- **Web Technology:** HTML, CSS, Java Script
- **Databases:** MySQL
- **Frameworks:** React JS, Bootstrap, Tailwind CSS

PROJECTS

- **Food Court:** The website features a responsive UI/UX with key pages like Home, About Us, Menu, Order, and User Login/Signup for seamless navigation. Built with React JS, it ensures cross-platform compatibility. Backend integration via Node.js and MongoDB enhances performance and data management. Optimized for mobile-first design, it prioritizes accessibility and customer satisfaction. The platform delivers an efficient online ordering system with real-time updates.
  - **Tech Stack:** MERN Stack, Fastbot Ai
  - **Source code:** https://github.com/vikas9872/MiniProject
  - **Take aways:**
    - **Responsive Design**: Mastered mobile-first design principles for seamless cross-platform compatibility.
    - **Front-End Development**: Enhanced skills in React.js to build dynamic and interactive user interfaces.
    - **Back-End Integration**: Gained experience integrating Node.js and MongoDB for efficient data management and performance.
    - **Database Design**: Designed and optimized MongoDB schemas for efficient data storage and retrieval.
    - **User-Centric Approach**: Prioritized accessibility and customer satisfaction through intuitive UI/UX design.
- **Portfolio:** A portfolio with sections like Home, About Me, Projects, Skills, Education, and Contact Me. The portfolio is fully responsive and accessible on all devices. It features dynamic content rendering and interactive elements for an engaging experience. The design emphasizes clean UI/UX, showcasing achievements and expertise effectively.
  - **Tech Stack:** React JS, TailwindCSS
  - **Source code:** https://github.com/vikas9872/myportfolio

- **Take aways:**
  - **Enhanced React.js Expertise**: Built dynamic, component-based UIs with efficient state management.
  - **Mastery of TailwindCSS**: Designed clean, responsive, and visually appealing layouts with minimal effort.
  - **Effective Deployment Skills**: Utilized GitHub and platforms like Vercel for version control and seamless hosting.
  - **Professional Presentation**: Created a scalable portfolio to showcase skills, projects, and achievements effectively.
